Overview

YFNF915F3AM is a LoRa FPC antenna measuring 120.2 mm × 25 mm. This LoRa antenna provides coverage from 910–930 MHz. The antenna has a 150 mm cable, terminated with IPEX MHF 1 connector, and is available with customized cable lengths and connectors. Ideal for applications where the antenna is required to be mounted inside, this adhesive mount omni-directional antenna is easy to install thanks to its flexible material. It is compatible with Quectel's ISM Series modules. It has been tested with ABS board.

It allows constant and reliable transmission and reception due to its omni-directional gain across all frequency bands. YFNF915F3AM is designed as a Dipole antenna, which is ground independent to offer high efficiency in many different mounting scenarios. It is a perfect antenna product for customers that desire highest performance. This high-efficiency, high-gain omni-directional antenna is ideally suited for smart metering, remote monitoring, vehicle tracking and telematics, and many other IoT devices.

Typical applications include:

- Medical Devices
- Smart Monitoring
- Smart Home
