

■ KEY STATS

8900+ EMPLOYEES

worldwide

FOUNDED

October 2010

90+ DISTRIBUTORS

worldwide

50+ GLOBAL

office locations

42M UNITS

monthly production
capacity

8,000+ CUSTOMERS

worldwide

9 R&D CENTERS

- ▶ Belgrade
- ▶ Shanghai
- ▶ Guilin
- ▶ Penang
- ▶ Hefei
- ▶ Wuhan
- ▶ Vancouver
- ▶ Foshan
- ▶ Manaus

■ END-TO-END IoT PORTFOLIO

HARDWARE

- Modules
- Printed circuit board assembly (PCBA)
- Quectel Pi
- Antennas
- Single board computers (SBC)

SOFTWARE

- QuecPython
- Android and Linux
- Edge computing open platform
- UniRTOS

SERVICES

- Value added services
- ODM/JDM/EMS
- Antenna design
- Design/engineering support
- IoT security
- Certification
- RTK correction services

■ GLOBAL QUALITY, TESTING AND CERTIFICATION

17,000+

test stations

15,000+

sq m total laboratory area

8,700+

global certifications
achieved

■ SECURITY

Security is embedded throughout the IoT product lifecycle, from design and development to deployment and ongoing protection.

Security by design

Continuous protection

Transparent supply chain

Regulatory compliance

■ GLOBAL MANUFACTURING

Global manufacturing capabilities provide the scale, flexibility and supply-chain resilience to support IoT projects from initial production to high-volume global deployment.

China

Malaysia

India

Brazil

✓ Reduce complexity ✓ Accelerate time to market

✓ Minimize risk ✓ Scale globally

IATF 16949

ISO 14001

ISO 45001

QUECTEL

Build a smarter world

■ WHY QUECTEL?

From initial design and component selection to software, testing, certification, manufacturing and lifecycle support, Quectel brings together the technology, expertise and global scale needed to take IoT products from concept to deployment.

■ FROM CONCEPT TO GLOBAL DEPLOYMENT

1. CONCEPT & DESIGN

- ▶ Product design
- ▶ Engineering support
- ▶ Antenna design
- ▶ ODM/JDM

2. BUILD & INTEGRATE

- ▶ Modules
- ▶ Antennas
- ▶ PCBAs & SBCs
- ▶ Software & edge computing

3. TEST & CERTIFY

- ▶ Testing & validation
- ▶ Global certification
- ▶ Regulatory compliance
- ▶ Security

4. MANUFACTURE & SCALE

- ▶ EMS/ODM/JDM
- ▶ Global manufacturing
- ▶ Production automation
- ▶ Supply-chain support

5. DEPLOY & SUPPORT

- ▶ Global distribution
- ▶ Value-added services
- ▶ Technical support
- ▶ Ongoing security

ONE PARTNER AT EVERY STAGE OF YOUR IoT JOURNEY

Trusted by technology providers, global carriers, certification bodies and regulators worldwide.
